- 1. Rate Information.** The Annual Percentage Yield (APY) reflects the total amount of interest to be paid on an account based on the dividend rate and Balance Computation Method for an annual period. The dividend rate and APY may change as determined by our Board of Directors. You must provide and maintain minimum opening deposits and/or minimum daily balances in order to earn the APYs listed above.
- 2. Compounding and Crediting.** The frequency with which dividends will be compounded /credited is set forth above. The "month" begins on the first calendar day of the month and ends on the last calendar day of the month.
- 3. Minimum Balance Requirements.** The minimum balance requirements for each account are set forth above. Minimum balance requirements may include a minimum opening deposit, the minimum balance you must maintain in the account to avoid service fees, and the minimum balance that you must maintain each day to earn the stated Annual Percentage Yield for that account. Checking accounts opened off-site may be opened with a zero balance. Accounts opened off-site with a zero balance must have a deposit within 30 days of opening the account or it will be closed.
- 4. Balance Computation Method.** The Average Daily Balance Method applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.
- 5. Accrual of Interest.** For dividend-bearing accounts, dividends will begin to accrue on the business day that you deposit funds into your account.
- 6. Account Limitations.** For **CHRISTMAS CLUB ACCOUNTS**, the available balance will be transferred to your savings account on or after November first of each year. Withdrawals prior to maturity will incur a loss of dividends and account closure for the duration of the club year. No partial withdrawals are allowed. For **MONEY MARKET ACCOUNTS**, three free withdrawals are allowed per month. There is a \$2.00 fee per withdrawal after three withdrawals per month. There is a \$5.00 service charge if the balance goes below \$2,500.00. For all **SAVINGS** and **MONEY MARKET ACCOUNTS**, Regulation D limitations apply (see #8 below). Any Christmas Club Account and Second Savings Account will automatically close after 12 months of a zero balance. For **TUTMA ACCOUNTS**, IRS Form W9 may be required. For **REVOCABLE AND IRREVOCABLE TRUSTS**, proof of trust is required. Exceeding the transfer regulations set forth above in any statement period may cause your account to be subjected to a fee or closed.
- 7. Rate Information.** For the regular **SHARE ACCOUNT** and **INDIVIDUAL RETIREMENT ACCOUNT**, the Rate and Yield may change quarterly. For the **CHECKING** and **MONEY MARKET ACCOUNTS**, the Rate and Yield may change monthly. Rate and Yield changes are approved by the Board of Directors. You may call 281-391-2149 for current rates, or check our website at www.bvscu.org.
- 8. Regulation D.** Reg D (Regulation D) restricts the number of certain types of transfers to six per month. Once the maximum amount of transfers has been reached, Reg D will not allow any additional electronic, online or automatic transfers to be made for the remainder of the month.
- 9. Courtesy Pay.** Courtesy Pay may allow members who are in good standing to overdraw their account. To qualify for Courtesy Pay the account must be in "good standing" and open for 60 days. To be in "good standing", you must (1) not be in default on any loan or other obligation to BVSCU; (2) not subject to any legal or administrative order or levy; (3) bringing your account to a positive balance (for a 24 hour period) within every thirty day period. You will be assessed a Courtesy Pay fee of \$25. Courtesy Pay is a non-contractual privilege and BVSCU may withdraw it at any time. Payment of overdrafts will be at the discretion of BVSCU. Courtesy Pay limits on accounts (excluding Money Market accounts) will be from \$300 - \$700. Courtesy Pay on Money Market accounts is \$1,000. The total of the Courtesy Pay, including any and all fees and charges, and all non-sufficient fees will be included as part of this maximum amount. Courtesy Pay fee applies to overdrafts created by check, in-person withdrawal, ATM withdrawal, or other electronic means. See Fee Schedule for specific fees on page 4.
- 10. Mandatory Distribution.** Mandatory withdrawal at age 70 1/2 without penalty for Traditional IRA Savings Account. Does not apply to Roth IRA Term Share Certificate.

- 1. Rate Information.** The Annual Percentage Yield (APY) reflects the total amount of interest to be paid on an account based on the dividend rate and Balance Computation Method for an annual period. The dividend rate and APY may change as determined by our Board of Directors. You must provide and maintain minimum opening deposits and/or minimum daily balances in order to earn the APYs listed above. The rates for renewal shall be those rates in effect at the time of renewal. The APY stated is based on the assumption that interest will remain on deposit until maturity. A withdrawal of interest will reduce earnings.
- 2. Compounding and Crediting.** The frequency with which dividends will be compounded /credited is set forth above. The "quarter" begins on the first calendar day of the quarter and ends on the last calendar day of the quarter. During the 10 day grace period, if elected not to renew the term certificate, dividends will be paid when the term share certificate is redeemed.
- 3. Minimum Opening Deposit.** The minimum balance requirements are set forth above. Minimum balance requirements may include a minimum opening deposit and the minimum balance you must maintain each day to earn the stated Annual Percentage Yield (APY) for that account.
- 4. Balance Computation Method.** The Average Daily Balance Method applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period. The Average Daily Balance Method is used to calculate interest on all certificate accounts.
- 5. Accrual of Interest.** For certificates, dividends will begin to accrue on the business day that you deposit funds into your account.
- 6. Maturity.** Your account will mature according to the term indicated above, and as indicated on your account summary or statement.
- 7. Early Withdrawal Penalties.** We will impose a penalty if you withdraw any of the principal in your account before the maturity date. The amount of penalty is disclosed above. The penalty is calculated as a forfeiture of part of the interest that has been or would have been earned on the account, and applies whether or not the interest has been earned. The penalty may be deducted from the principal amount of the deposit. The Annual Percentage Yield for your account is based on an assumption that interest will remain in the account until maturity, and a withdrawal will affect earnings.
- 8. Renewals.** Unless you otherwise instruct us, your certificate account will renew automatically at maturity. You will have a grace period as indicated above after the maturity date to withdraw the funds in the account without being assessed an early withdrawal penalty.
- 9. Security for Loans.** The certificates above may be pledged against a loan for a reduced rate at BVSCU.
